

INTRODUCING THE CITYSCAPE BACKPACK

The Cityscape Backpack is the perfect everyday shooting bag. The slim profile allows you to move easily through crowds while the protective padding gives you piece of mind that your gear is safe. Lightweight enough to fill with all your equipment yet still comfortable to wear on your next adventure.

Big enough for your gear, but slim enough to fit in your everyday life. The 10 3/4"W x 16"H x 5"D highly customizable main compartment is just the right size.

Holds a small or medium size tripod so your gear is always accessible.

Holds up to a one liter water bottle for those extra long shooting days.

Enclosed rain cover allows you to carry your Cityscape Backpack no matter what the conditions.

[Protect] your gear, suit your style.

ProMaster Cityscape Camera Bags

Designed using contemporary materials. The result is a bag which is stylish and lightweight while providing excellent protection for your camera gear.

- + The top flap opens away from the body for easy visual and physical access to items in the main compartment
- + Memory card pouches are conveniently built into the interior roof flap
- + For maximum durability, the comfortable shoulder strap is affixed with metal hardware
- + During inclement weather use the built in rain cover for added protection
